Charity Golf Day 2022

Pacific Support Services is happy to announce that after a 2 years break due to Covid-19, we are now back with the sixth edition of our Charity Golf Day to raise funds for the charity Young Epilepsy.

Our event is taking place on Friday 9th September 2022 at Stock Brook Manor Country Club in Billericary, Essex.

Day's Programme

Our event in September will consist of a day of golf with teams of 4, with full-english breakfast and a ploughman's lunch, followed by an evening function including a comedian, a 3-course meal, presentations for nearest to pin, longest drive and the best and worst golfers, as well as an auction and raffle with plenty of prizes up for grabs.

An awful lot of organising has gone into our Charity Golf Days for the past five years and as is in previous years we are hoping to raise even more for the charity this year.

About Young Epilepsy

Young Epilepsy is the charity dedicated to supporting children and young people with epilepsy in the UK. One child in every 200 has epilepsy. Epilepsy can be one of the most frightening and isolating conditions a child can experience.

It takes its toll on their physical and mental health, as well as impacting their education and social life. Children with epilepsy are missing out on childhood.

Young Epilepsy coordinates research that improves diagnosis and treatments. They provide innovative tools, information, and practical support for living day-to-day life.

Progress

Despite our next Charity Golf Day taking place in September 2022, we have already made progress towards its organisation.

There are already 30 teams confirmed to be taking part in the Golf, as well as 10 Raffle and Auction Prizes lined up for the evening portion of the day.

Donated Auction and Raffle Prizes include wine tasting, bungee jump voucher, ice skating, dinner show Mulan Rouge and more!
